

AC220V Dispenser Gas Station Fuel Dispenser Machine For Petrol Pump

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Virette

Product Specification

- Structure: Single-stage Pump
- Delivery Rate: 5 ~ 90L/min; 90~150L/min; 150~250L/min
- Tank: 1000L
- Hose: 3/4" 4M
- Register Range: 0.00~999999.99 L
- Medium: Lubricating Oil
- Temperature: -40~55
- Voltage: 220VAC
- Highlight: **AC220V Dispenser Gas Station,
AC220V Fuel Dispenser Machine,
Fuel Dispenser Machine For Petrol Pump**

Product Description

Single Stage Diesel Fuel Dispenser with 1000L Tank and 3/4 4M Hose

Product Description:

Our Fuel dispenser is designed to deliver reliable and accurate fueling performance, with a flow rate of 5-50L/Min or 5-90L/Min, depending on your specific fueling needs. This makes it an ideal choice for busy fuel stations that need to handle a high volume of fueling tasks every day.

The register range of our Fuel dispenser is 0.00~999999.99 L, allowing you to easily track and monitor fuel consumption at your station. This information can help you manage your inventory more efficiently, and ensure that you always have enough fuel on hand to meet your customers' needs.

Our Fuel dispenser is also equipped with a vacuum of 0.04Mpa, ensuring that fuel is dispensed smoothly and without any interruptions. This feature helps to minimize waste and ensure that your customers receive the precise amount of fuel they require.

The structure of our Fuel dispenser is a single-stage pump, which is designed to deliver consistent and reliable fueling performance. This makes it an ideal choice for fuel stations that need to deliver high-quality fuel to their customers every time they visit.

In conclusion, our Fueling Station Dispenser is the perfect solution for fuel stations looking for a reliable and efficient fuel dispenser that can handle a wide range of fueling tasks. With its high flow rate, accurate register range, and efficient vacuum, our Fuel dispenser is the perfect choice for dispensing diesel fuel and other types of fuel. So why wait? Order your Fuel dispenser today and start delivering high-quality fuel to your customers!

Features:

Product Name: Fuel Dispenser

Hose: 3/4" 4M

Tank: 1000L

Flow Rate: 5-50L/Min Or 5-90L/Min

Voltage: 220VAC

Register Range: 0.00~999999.99 L

This Fuel Dispenser is a high-quality Fuel Dispensing Equipment that is perfect for any Petrol Dispensing Machine or Fueling Station Dispenser. It has a 3/4" 4M hose, a 1000L tank, and a flow rate of 5-50L/Min or 5-90L/Min. The voltage is 220VAC, and the register range is 0.00~999999.99 L.

Technical Parameters:

Fuel Dispensing Equipment	
Gasoline Dispensing System	
Vacuum	0.04Mpa
Automatic Nozzle	TD-20A
Warranty	12 Months
Medium	Lubricating Oil
Product	One Product Or Two Product
Voltage	220VAC
Tank	1000L
Structure	Single-stage Pump
Delivery Rate	5 ~ 90L/min; 90~150L/min; 150~250L/min
Application	Petro, Diesel Etc

Applications:

The Virette fuel dispenser is perfect for use in petrol stations and fueling stations. It is a reliable and efficient machine that can help businesses streamline their fuel dispensing processes. The machine is easy to operate and comes with a 12-month warranty, which ensures that customers can use it with confidence.

The Virette fuel dispenser is also ideal for use in other scenarios, such as gas stations, construction sites, and other places where fuel dispensing is required. The machine has a vacuum of 0.04MPa, which makes it ideal for dispensing gasoline and other fuels. It is a versatile machine that can be used for a variety of applications.

Overall, the Virette fuel dispenser is a reliable and efficient petrol dispensing machine that can be used in a variety of scenarios. It is a high-quality product that is designed to last, and it comes with a 12-month warranty. Whether you are running a petrol station, fueling station, or any other business that requires fuel dispensing, the Virette fuel dispenser is the perfect choice.

Customization:

Customize your Fuel Dispensing Equipment with Virette! Our product is made in China and has a register range of 0.00~999999.99 L, with a tank capacity of 1000L. It is designed to work with diesel fuel and has a working pressure of 0.2 MPa. The product requires a voltage of 220VAC and comes with a 12-month warranty. Contact us to learn more about our customization services for the Virette Diesel Fuel Dispenser.

Packing and Shipping:

Product Packaging:

Dimensions: 100cm x 50cm x 50cm

Weight: 50kg

Material: Cardboard box

Contents: Fuel dispenser, user manual, warranty card

Shipping:

Shipping method: Ground transportation

Delivery time: 3-5 business days

Shipping cost: Calculated at checkout

Tracking information: Provided after shipment
